Dear Sir/ Madam,

I was excited to learn about your job announcement of Data Manager/ Statistician from my Bongthom website. I would like to apply for this position and I believed I rightly match to your requirement for this position. I have enclosed my curriculum vitae for your further attention.

The main reason that I decide to apply to Institut Pasteur de Cambodge for the position of Data manager are: Firstly, the main activities are related to not only my study but also my working experience at Pour un Sourire d'Enfant (PSE). I have worked for PSE almost 3 years as a math trainer and external relation officer which help me improve a lot on hard skills and soft skills. For example, I have participated in school activities which relevance to PSE's value (trust, responsibility, solidarity, respect and demanding approach) and also involved in managing data of alumni and also companies.

Secondly is working environment, as I used to work in France Organization, PSE, I am more confidently to adapt with the working environment here. I do work strictly and responsibility to my job. Moreover, the Pasture de Cambodia will provide me with the skill and practical knowledge of statistical and data management, data mining and concept of analyze. Furthermore, Pasture De Cambodia also a great working place to improve my knowledge of English language, and Social and Culture aspect of working there would be something that is also a part to step into my future goal.

Lastly, this job is my dream goal job which I always keep looking for the opportunity to work in this position. Ecomore II project is a great project there would be something that is very special to me to be a part of. I really hope to be a part of this wonderful project which is really a good impact to my community and the partner countries.

Yours Faithfully,

SOEURNG Sreymy
